TERMS:

High card:

A jack, queen, king, or ace. These cards are retained more often because if paired up they return the original bet.

Outside straight:

An open ended straight that can be completed at either end, such as the cards 7,8,9,10.

Inside straight:

A straight with a missing inside card, such as the cards 6, 7, 9, 10. In addition A,2,3,4 and J,Q,K,A also count as inside traights because they are at an extreme end.

Pat - A "Pat" hand is a starting hand that already has all of the cards required for an extremely good hand. For example, if you are dealt a 10, Jack, Queen, King, and Ace of spades for your starting hand, you have a "Pat Royal Flush"
